

# CREDIT FOR NON-BUSINESS ENERGY PROPERTY

MANUFACTURER'S CERTIFICATE — PRESERVATION VINYL WINDOW AND DOOR PRODUCTS

Preservation Windows, manufactured by Associated Materials Incorporated (AMI), headquartered at 3773 State Road, Cuyahoga Falls, OH 44223, manufactures exterior window and patio door products. ENERGY STAR® qualified windows and patio doors, which meet or exceed the criteria established by the U.S. Department of Energy for each of the climate zones, may qualify for a tax credit under part of the "Tax Relief, Unemployment Insurance Reauthorization and Job Creation Act" (H.R.4853). Qualifying product criteria shall be those that meet ENERGY STAR® criteria in the climate zone in which they are installed. Products shall qualify for the aforementioned energy-efficient, home improvement incentives that allow for a tax credit of 10% of the cost of the qualifying windows to a maximum of \$200 per household and patio doors to a maximum of \$500 per household for 2011. Note: There is now a lifetime limit of \$500 (\$200 for windows/skylights) in total credits that a homeowner can claim from January 1, 2006 to December 31, 2011. It is **not** on top of the \$1,500 limit in 2009-2010. The cost of installation may not be included.

AMI represents that the following families of window and patio door products, when purchased with a qualifying\* ENERGY STAR® glass package, meets the requirements as stated above.

**MODEL 9000 SERIES**

Double-Hung and Sliding Vinyl Windows

**MODEL 9014 SERIES**

Picture and Fixed-Lite Vinyl Windows

**MODEL 9022 SERIES**

In-Swing Vinyl Windows

**MODEL 9051 SERIES**

Awning Vinyl Windows

**MODEL 9070 SERIES**

Picture and Fixed-Lite Vinyl Windows

**MODEL 9071 SERIES**

Casement Vinyl Windows

**MODEL 9100, 9200, 9300 SERIES**

Vinyl Sliding Patio Doors

\*Qualifications vary by model and ENERGY STAR® climate zone. Each product will meet or exceed the requirements of an ENERGY STAR® qualified window or patio door when purchased with, or with a combination of, EnergyMaxx® or EnergyMaxx® Elite low emissivity (Low-E) glass packages, and/or the addition of grids or muntins within the glass unit, and/or the use of non-metal insulating glass spacer. This Certificate is intended to show that Preservation Window and Patio Door Products are Eligible Building Envelope Components, homeowners should consult their tax advisor to determine whether they qualify for any potential income tax credits.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct, and complete.

David L. King  
Vice President, AMI Sales  
Associated Materials Incorporated
