

GLASS OPTIONS JUST GOT SIMPLER – AND BETTER

SUPER SPACER® IS NOW THE NATIONWIDE STANDARD IN WINDOW AND PATIO DOOR PRODUCTS

WE'RE SIMPLIFYING OUR GLASS PACKAGE LINEUP and making it easier to choose. All AMI window and patio door products are now built with Quanex® Super Spacer® technology as the standard — replacing multiple glass pack options with one streamlined choice that supports performance, durability, and comfort.

WHAT'S CHANGING

- **Single Standard:** Super Spacer® now replaces Intercept and ThermD options, simplifying the lineup.
- **Smooth Transition:** Orders and remakes may begin shipping with Super Spacer® right away.
- **Same Coverage, Same Confidence:** Warranty terms remain in place, with performance you can continue to count on.

WHY CHOOSE SUPER SPACER®

**ENERGY
PERFORMANCE**
Supports improved thermal efficiency.

COMFORT
Helps reduce condensation in many conditions.

DURABILITY
Engineered for long-term seal integrity.

APPEARANCE
Sleek, low-profile look without metallic shine.

CONSISTENCY
Uniform construction across models.

Effective Date:

Applies to orders placed starting **JANUARY 30, 2026**
